# RI TRANSPARENCY REPORT

## 2014/15

Gannett Welsh & Kotler, LLC

## About this report

The PRI Reporting Framework is a key step in the journey towards building a common language and industry standard for reporting responsible investment (RI) activities. This RI Transparency Report is one of the key outputs of this Framework. Its primary objective is to enable signatory transparency on RI activities and facilitate dialogue between investors and their clients, beneficiaries and other stakeholders. A copy of this report will be publicly disclosed for all reporting signatories on the [PRI website](#), ensuring accountability of the PRI Initiative and its signatories.

This report is an export of the individual Signatory organisation's response to the PRI during the 2014-15 reporting cycle. It includes their responses to mandatory indicators, as well as responses to voluntary indicators the signatory has agreed to make public. The information is presented exactly as it was reported. Where an indicator offers a response option that is multiple-choice, all options that were available to the signatory to select are presented in this report. Presenting the information exactly as reported is a result of signatory feedback which suggested the PRI not summarise the information. As a result, the reports can be extensive. However, to help easily locate information, there is a **Principles index** which highlights where the information can be found and summarises the indicators that signatories complete and disclose.

## Understanding the Principles Index

The Principles Index summarises the response status for the individual indicators and modules and shows how these relate to the six [Principles for Responsible Investment](#). It can be used by stakeholders as an 'at-a-glance' summary of reported information and to identify particular themes or areas of interest.

Indicators can refer to one or more Principles. Some indicators are not specific to any Principle. These are highlighted in the 'General' column. When multiple Principles are covered across numerous indicators, in order to avoid repetition, only the main Principle covered is highlighted.

All indicators within a module are presented below. The status of indicators is shown with the following symbols:

Symbol	Status
✓	The signatory has completed all mandatory parts of this indicator
☑	The signatory has completed some parts of this indicator
🔒	This indicator was not relevant for this signatory
-	The signatory did not complete any part of this indicator
Ⓜ	The signatory has flagged this indicator for internal review

Within the table, indicators marked in blue are mandatory to complete. Indicators marked in grey are voluntary to complete.

## (Proxy) voting and shareholder resolutions

### Process

LEA 17	Mandatory	Descriptive	PRI 2
--------	-----------	-------------	-------

LEA 17.1	Indicate how you typically make your (proxy) voting decisions and what this approach is based on.
----------	---

Approach
----------

- We use our own research or voting team and make our own voting decisions without the use of service providers.
- We hire service provider(s) which make voting recommendations or provide research that we use to inform our voting decisions.
- We hire service provider(s) which make voting decisions on our behalf, except for some pre-defined scenarios for which we review and make voting decisions.
- We hire service provider(s) which make voting decisions on our behalf.

Based primarily on
--------------------

- the service provider voting policy signed off by us
- our own voting policy
- our clients requests or policy
- other, explain

LEA 21	Mandatory	Core Assessed	PRI 2
--------	-----------	---------------	-------

LEA 21.1	Indicate if you ensure that companies are informed of the rationale when you and/or the service providers acting on your behalf abstain or vote against management recommendations.
----------	---

- Yes, in most cases
- Sometimes, in the following cases:
- No
- Not applicable as we and/or our service providers do not abstain or vote against management recommendations

### Outputs and outcomes

LEA 22	Mandatory	Core Assessed	PRI 2
--------	-----------	---------------	-------

<b>LEA 22.1</b>	For listed equities where you and/or your service provider has the mandate to issue (proxy) voting instructions, indicate the percentage of votes cast during the reporting year.
-----------------	---

We do track or collect this information

	Votes cast (to the nearest 1%)
--	--------------------------------

	%
--	---

100

	Specify the basis on which this percentage is calculated
--	--

- of the total number of ballot items on which you could have issued instructions
- of the total number of company meetings at which you could have voted
- of the total value of your listed equity holdings on which you could have voted

<b>LEA 22.2</b>	If there are specific reasons why you did not vote certain holdings, explain these, and if possible, indicate the percentage of holdings affected by these factors. [Optional]
-----------------	--

Due to the nature of GW&K's business, particularly in instances where we have to rely on custodians associated with sub-advisory platforms who have engaged GW&K to manage client assets on their behalf to update and maintain proxy ballot instructions with our proxy administrator, there is occasionally a small number of shares that are not voted due to timing and/or reconciliation issues outside of GW&K's control. However, GW&K seeks to ensure that we vote as many shares as possible for each ballot item.

We do not track or collect this information

## Communication

<b>LEA 26</b>	<b>Mandatory</b>	<b>Core Assessed</b>	<b>PRI 2,6</b>
---------------	------------------	----------------------	----------------
