# RI TRANSPARENCY REPORT

## 2013/14

### New York City Employees Retirement System

## About this report

The PRI Reporting Framework is a key step in the journey towards building a common language and industry standard for reporting responsible investment (RI) activities. This RI Transparency Report is one of the key outputs of this Framework. Its primary objective is to enable signatory transparency on RI activities and facilitate dialogue between investors and their clients, beneficiaries and other stakeholders. A copy of this report will be publicly disclosed for all reporting signatories on the [PRI website](#), ensuring accountability of the PRI Initiative and its signatories.

This report is an export of the individual Signatory organisation's response to the PRI during the 2013-14 reporting cycle. It includes their responses to mandatory indicators, as well as responses to voluntary indicators the signatory has agreed to make public. The information is presented exactly as it was reported. Where an indicator offers a response option that is multiple-choice, all options that were available to the signatory to select are presented in this report. Presenting the information exactly as reported is a result of signatory feedback which suggested the PRI not summarise the information. As a result, the reports can be extensive. However, to help easily locate information, there is a **Principles index** which highlights where the information can be found and summarises the indicators that signatories complete and disclose.

## Understanding the Principles Index

The Principles Index summarises the response status for the individual indicators and modules and shows how these relate to the six [Principles for Responsible Investment](#). It can be used by stakeholders as an 'at-a-glance' summary of reported information and to identify particular themes or areas of interest.

Indicators can refer to one or more Principles. Some indicators are not specific to any Principle. These are highlighted in the 'General' column. When multiple Principles are covered across numerous indicators, in order to avoid repetition, only the main Principle covered is highlighted. This results in some Principles not being explicitly highlighted. For instance, Principle 1 and 2 cannot be implemented without implementing Principle 3, but there are cases when Principle 3 is not explicitly highlighted.

All indicators within a module are presented below. The status of indicators is shown with the following symbols:

Symbol	Status
✓	The signatory has completed all mandatory parts of this indicator
☑	The signatory has completed some parts of this indicator
🔒	This indicator was not relevant for this signatory
-	The signatory did not complete any part of this indicator
Ⓜ	The signatory has flagged this indicator for internal review

Within the table, indicators marked in blue are mandatory to complete. Indicators marked in grey are voluntary to complete.

## PRI disclaimer

This document is based on information reported by signatories and responses have not been independently audited by the PRI Secretariat, PRI working groups, or any other third party. While this information is believed to be reliable, no representations or warranties are made as to its accuracy and no responsibility or liability can be accepted for any error or omission.

**OO 12.2** Additional information. [Optional]

NYCERS assets are invested by the New York City Comptroller, through the Comptroller's Bureau of Asset Management (BAM). BAM in turn selects managers in the various asset categories, and delegates to these managers the actual investment of NYCERS funds. The Comptroller is the custodian of the assets of NYCERS, but investment and management of the actual dollars is 100% external. BAM, therefore, selects and manages the managers. This arrangement, zero percent internal management, 100% external management of a funds assets, is unique to large public pension systems in the United States.

Additional information. [Optional]

Organizationally, NYCERS seeks to adhere to responsible investment principles through its IPS (Investment Policy Statement) and relies upon its managers to follow our IPS and invest responsibly. The Comptroller's staff does not have at this moment sufficient resources to adequately review compliance of all its managers in all its asset categories with responsible investment principles. A more robust compliance program, internally driven, remains a goal.

NYCERS is a founding member of PRI and signatory since 2006. We strongly support principles of responsible investment, and try to abide by responsible investment practices in our choices of managers, as all NYCERS assets are externally managed. NYCERS' ability to ensure compliance with PRI is limited by a lack of staff and reliance on the New York City's Bureau of Asset Management. We believe our PRI efforts will be more robust, better funded and better staffed going forward and will work to this end.

<b>SAM 02.4</b>	Additional information. [Optional]
-----------------	------------------------------------

The Bureau of Asset Management (BAM), which oversees all NYCERS investments, hires real estate consultants, a general consultant to the board, private equity consultant, and a hedge fund consultant. These consultants provide advice and vetting on which managers to select, by asset class. Managers selected must abide by the NYCERS Investment Policy Statement, and other documentation which includes responsible investment practices, which fall under the broad category of ESG.
